DISTINGUISHING CHARACTERISTICS

This is the full journey-level class within the Administrative Assistant series. Employees within this class are distinguished from the Administrative Assistant I+ by the performance of the full range of duties including the most complex and/or sensitive work. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies of the work unit. Positions in this class are flexibly staffed, and are typically filled by advancement from the lower class of the series, or when filled from the outside, require prior administrative support experience. Appointment to the higher class requires that the employee be performing the full range of duties assigned to the class. While both levels of the series may share many of the same types of duties, the Administrative Assistant II+ level performs administrative support work that has greater variety, complexity, sensitivity, and autonomy.
